What is LCP?

LCP is a secondary major option for students in the Colleges of Business and Engineering. This option provides a way for students to prepare for the demands of a global market place.

Students in the LCP Program.

How does LCP work?

The LCP option includes courses in your selected language that will prepare you for work in countries where your language is spoken. These courses can include language, cultural, and even professional courses. Highlights from the program include study abroad and internships for a truly hands-on experience.

Five reasons to be part of LCP

1. Be an active part of the global community.
2. Learn new business and engineering practices and different cultures before being put in that position.
3. Build diverse network of contacts for the future.
4. Meet people you may not have an opportunity to meet otherwise.
5. Helps build a competitive resume.
